

AMENDMENTS TO THE CLAIMS

The claims in this listing will replace all prior versions, and listings, of claims in the application.

Listing of Claims:

1. (Currently Amended) Cosmetic preparation composition containing
 - a) at least two surfactants from ~~the group of the compounds~~ sodium lauryl sarcosinate, sodium monoalkyl phosphate, disodium lauryl sulfosuccinate, disodium cocoyl glutamate, α -olefin sulfonate and lauryl glucoside with a total surfactant concentration of 3 to 15 % by weight ~~[[.]]~~;
 - b) ~~one or more hydrocolloids~~ at least one hydrocolloid in a total concentration of 0.05 to 1 % by weight ~~[[.]]~~; and
 - c) ~~one or more water-soluble salts~~ at least one water-soluble salt in a concentration of 1 to 4 % by weight,respectively based on the total weight of the preparation composition, ~~in addition to optionally further cosmetic or dermatological active substances, auxiliary agents and additives and water.~~
2. (Currently Amended) Cosmetic preparation composition according to claim 1, ~~characterized in that one or more hydrocolloids are chosen from the group of the compounds~~ wherein the at least one hydrocolloid comprises at least one compound of agar agar, carrageen, tragacanth, gum arabic, alginates, pectins, polyoses, guar gum, carob bean flower, starch, dextrans, gelatins, caseine, carboxymethylcellulose and other cellulose ethers, hydroxyethyl- and -propylcellulose ~~and the like~~, polyacrylic and

polymethacrylic compounds, vinyl polymers, polycarboxylic acids, polyethers, polyimines, polyamides, polysilicic acids, clay minerals, ~~such as montmorillonites,~~ zeolites, and silicas.

3. (Currently Amended) Cosmetic preparation composition according to ~~one of~~ ~~claims 1 or 2~~ claim 1, characterized in that ~~one or more water soluble salts are chosen from the group of the compounds wherein the at least one water-soluble salt comprises~~ at least one of sodium chloride, potassium chloride, ammonium chloride, and magnesium sulfate.

4. (Currently Amended) Cosmetic preparation composition according to ~~one of~~ ~~claims 1 through 3~~ claim 1, characterized in that it ~~contains one or more preservatives including at least one preservative~~ in a total concentration of 0.1 to 1 % by weight, based on the total weight of the preparation composition.

5. (Currently Amended) Cosmetic preparation composition according to ~~one of~~ ~~claims 1 through 4~~ claim 1, characterized in that it ~~contains solubilizers including at least one solubilizer~~ in a concentration of 0.1 to 1 % by weight based on the total weight of the preparation composition.

6. (Currently Amended) Cosmetic preparation composition according to ~~one of~~ ~~claims 1 through 5~~ claim 1, characterized in that it wherein the preparation composition is stored as a foamable preparation in a pump foamer or an aerosol can and ~~[[is]]~~ can be applied from this the pump foamer or the aerosol can.

7. (Currently Amended) ~~Use of a cosmetic and/or dermatological preparation according to one of the preceding claims as a cleansing preparation for~~ Method of cleansing skin comprising applying a cosmetic preparation composition according to claim 1 to the skin.

8. (New) Cosmetic preparation composition according to claim 1, including water.

9. (New) Cosmetic preparation composition according to claim 1, including cosmetic or dermatological active substances, auxiliary agents and additives.

10. (New) Cosmetic preparation composition according to claim 2, wherein the at least one water-soluble salt comprises at least one of sodium chloride, potassium chloride, ammonium chloride, and magnesium sulfate.

11. (New) Cosmetic preparation composition according to claim 8, wherein the at least one water-soluble salt comprises at least one of sodium chloride, potassium chloride, ammonium chloride, and magnesium sulfate.

12. (New) Cosmetic preparation composition according to claim 2, including at least one preservative in a total concentration of 0.1 to 1 % by weight, based on the total weight of the preparation composition.

13. (New) Cosmetic preparation composition according to claim 8, including at least one preservative in a total concentration of 0.1 to 1 % by weight, based on the total weight of the preparation composition.

14. (New) Cosmetic preparation composition according to claim 2, including at least one solubilizer in a concentration of 0.1 to 1 % by weight based on the total weight of the preparation composition.

15. (New) Cosmetic preparation composition according to claim 4, including at least one solubilizer in a concentration of 0.1 to 1 % by weight based on the total weight of the preparation composition.

16. (New) Cosmetic preparation composition according to claim 8, including at least one solubilizer in a concentration of 0.1 to 1 % by weight based on the total weight of the preparation composition.

17. (New) Cosmetic preparation composition according to claim 2, wherein the preparation composition is stored as a foamable preparation in a pump foamer or an aerosol can and can be applied from the pump foamer or the aerosol can.

18. (New) Cosmetic preparation composition according to claim 8, wherein the preparation composition is stored as a foamable preparation in a pump foamer or an aerosol can and can be applied from the pump foamer or the aerosol can.

19. (New) Cosmetic preparation composition according to claim 2, wherein the clay minerals comprise montmorillonites.

20. (New) Method of cleansing skin comprising applying a cosmetic preparation composition according to claim 8 to the skin.
